Is a candidate for Police Judge of Crab Orchard, subject to the action of the democratic party and asks your support.

Dr. Cook continues to be in favor in Copenhagen and with foreign scientists. It is reported that he has been offered, by an American, big profits for his lectures and book on polar regions. Dr. Cook, when told that Peary claimed the distinction of being the first man who had reached the North Pole, casually replied that he would avoid all controversies and that if Peary had said he had reached the pole he believed his statement. Dr. Cook announced that he was anxious to get to America and that he would sail for his home about September 23.

THE Pennsylvania W. C. T. U. has placed a ban on mince pies and all signers of the temperance pledge are to abstain from their use. It is said that the alcohol in such pies tempts the appetite for more stimulants and thus assist in increasing the liquor habit. It may come to pass that corn will be tabooed as an article of food because of the whisky that is in it and rye will be banished from Kentucky's products.

THE democrats of Livingston county have nominated a ticket to defeat the "mule" ticket, a mongrel affair, constructed out of firebrands and bolting democrats. They have a splendid show to defeat the fusionists and we hope they will leave nothing undone in their effort to do so.

THE North pole has been discovered again. Commander Peary, who has been trying for years to locate it, flashes the news over the country that he has reached the goal. He was only four days behind Dr. Cook, who found the old thing last week.

A convict at Fort Leavenworth demands a wooden leg from a U. S. Marshal who shot his good leg off for him. He demands the substitute and threatens to sue the officer for damage if he does not produce "a wooden leg and a good one."

If lemons continue to soar heavenward there will be no danger of your being handed one unless your associates belong to the charmed circle of the millionaires. It is believed that they will soon be worth 10c each. Heavy duty is the trouble.

AN ordinance has been adopted in Franklin fixing a license tax of \$5,000 per annum for the sale of "near-beer." This means that no decoctions of the foaming beverage will be sold in the county of Simpson.

W. R. CRESS, a good democrat and a fine gentleman, has announced his candidacy for Commonwealth's attorney of the Somerset district. Here's hoping he'll win. There's a chance for him to do so.

MAYOR GRINTEAD, of Louisville, declined to meet Hon. W. O. Bead, democratic nominee for Mayor, on the stump. We congratulate Mr. Grinstead on his good judgment.

WHETHER it was Cook or Peary who found the coveted pole, Wellman had just as well return home and try some other vocation.

GOOD morning. Have you discovered the North pole?

PREACHERSVILLE.

Born, to the wife of Menefee Elmore, a fine girl. They say "Pud" walks like a dog in high rye.

The watermelon crop is said to be shorter than ever before. The melons are of fair quality though generally small.

A horse ran away here Monday afternoon and tore the buggy top up for T. F. Gross, the well-known Crab Orchard veterinary.

Willis Bell shook the dust off of his feet last Sunday night and departed unto the land of the Hoosiers. The best wishes of all should go with him.

Mr. W. P. Grimes is without doubt the largest land owner in the East End. He has over 900 acres, his farm extending into two neighborhoods—Walnut Flat and Preachersville. There are men at work on this farm who have never seen each other, yet they have been employed on the farm for the last eight months.

Miss Sarah Howard, of near Crab Orchard, is teaching the Hobbs school. Indications point to a better school than this community has enjoyed for some time. On account of the "luck in leisure" attitude of the powers that be, school will not be finished here till midwinter, as it could have been had school started a great deal earlier in the season.

Mrs. William Smith, of White's Mill, owns a horse which is a remarkable specimen of the equine family. This horse knows enough that when the Smith children attend school at Crab Orchard he can take the buggy back home as well as if the driver accompanied him. When harnessed again in the afternoon his horsemanship quietly and calmly goes and brings the children home. This has been a regular thing for a long time and no mistakes to his discredit.

Mr. and Mrs. J. M. Lunsford visited Mr. and Mrs. A. J. Thompson in Boyle. Miss Flossie Sutton, of Lexington, is with her sister, Mrs. M. O. Kennedy. Mr. and Mrs. Henderson, of Paint Lick, visited Mr. and Mrs. Jno. Williams. Mr. Todd, of Berea, was the guest of Mr. and Mrs. J. M. Lunsford. Miss Gertrude Adams visited Miss Carrie Naylor. Miss Violet Smith visited in Rockcastle last week. Geo. Todd, of Pulaski, visited his sister, Mrs. Mason Holtzclaw. Miss Emma Holtzclaw, of Gilberts Creek, is teaching the Preachersville school. Mrs. Maggie Wheat, of Tucson, Ariz., is visiting her brother, W. P. White, and family. Mrs. Wheat has traveled extensively in the West and can describe most entertainingly the places she has visited. Mr. and Mrs. Jno. Williams visited at Paint Lick.

POLITICAL.

H. C. Kennedy has resigned as county judge of Wayne.

Washington county republicans nominated E. P. Deadman for Representative.

Mercer county republicans declared for William Herndon, of Lancaster, for circuit judge.

Democrats of Danville will nominate candidates for city officers by a convention at 2:30 Tuesday, Sept. 21st.

The Road To Success

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by Penny's Drug Store.

During a quarrel at the dinner table Edward Black fired two bullets into the body of his wife, fatally wounding her at San Antonio, Texas. Black tried to escape through a window, and was shot and killed by Arthur Cligord, his wife's brother.

Henry Hill, a Negro, was drowned in a creek by a mob at Rayville, La., after he had attacked Miss Nettie Jones, a prominent young woman of that place.

Shed Williams, of Bath county, realized \$402 from one sow in 13 months.
